

The Pilot School's tuition aid program is designed to make a Pilot education possible for all families based on demonstrated financial need and the availability of funds. The Pilot School is proud to use the Clarity Application to determine a family's level of financial need based on the information that families share in the application, which includes assets, income, expenses, and debts.

To get started, please go to the Clarity Application and create an account. The application typically takes less than 30 minutes to complete and is mobile-friendly so you can complete it from anywhere. You are also able to save your progress and return at any time. At the end of the application, you will follow the steps to authorize the IRS to share a transcript of your W2(s) and personal tax return. Clarity has found that families who have IRS.gov accounts before starting the Clarity Application have a much easier time completing this Verification process.

There is a \$65 fee to submit, and you can share your application with additional schools that accept the Clarity Application for no additional charge. Simply use the dropdown menu in the application to select those schools.

Please remember to return to your dashboard after you complete and submit your Clarity Application, as the Pilot School may request that you upload additional documents so your family's financial situation can be more clearly understood.

If you need support during the application process, there is in-app support available through the "Help" button in the bottom left of the screen, as well as email and phone support at support@clarityapp.com or 206-210-3752, in both English and Spanish. The application itself is also fully translated into Spanish.
